MANAGEMENT GROUP

Design-build & project management,
delivered with precision.

WHO WE ARE

HPW Construction Inc. is an integrated group of companies providing comprehensive **design-build solutions** and **end-to-end project management** services across the **civil and commercial** construction sectors. With a team of in-house specialists and an extensive network of trusted subcontractors throughout Ontario, we have the expertise and resources to deliver projects efficiently, collaboratively, and to the highest standards.

We are proud to be a trusted construction partner to leading organizations, including the **Toronto and Region Conservation Authority (TRCA)** and municipalities across Ontario, as well as prominent private-sector partners such as **SmartCentres REIT**, Graham Construction, Woodbine Entertainment Group, and other well-known national retail brands.

Our white-glove service model is built on professionalism, attention to detail and consistent delivery on time and within budget.
